# OSTEOPATHIC OATH

*I do hereby affirm my loyalty to the profession I am about to enter.*

*I will be mindful always of my great responsibility to preserve the health and life of my patients, to retain confidence and respect both as a physician and a friend who will guard their secrets with scrupulous honor and fidelity, to perform faithfully my professional duties, to employ only those recognizable methods of treatment consistent with good judgement and with my skills and ability, keeping in mind always nature's laws and the body's inherent capacity of recovery.*

*I will be ever vigilant in aiding the general welfare of the community, sustaining its laws and institutions, not engaging in those practices which will in any way bring shame or discredit upon myself or my profession. I will give no deadly drugs to any, though it be asked of me.*

*I will endeavor to work in accord with my colleagues in a spirit of progressive cooperation, and never by word or by act cast imputations upon them or their rightful practices.*

*I will look with respect and esteem upon all those who have taught me my art. To my college I will be loyal and strive always for its best interests and for the interests of the students who will come after me.*

*KMH/UMC - Washington Township Division*

# Dean's Message to the Class of 1996

*Frederick J. Humphrey II, D.O.  
Dean  
School of Osteopathic Medicine*

**My congratulations to all members of the UMDNJ-School of Osteopathic Medicine Class of 1996.** As have the classes before you, the class of '96 has continued the tradition of outstanding accomplishments that places you among the elite of the graduating osteopathic medical students from across the country. We are very proud of each and every one of you. We also welcome you to our alumni association and trust that you will always consider yourself part of our ever growing family.

**We look forward to the 21st Century as an exciting and challenging time for young new physicians.** You have learned treatment and prevention modalities unknown to man just a short time ago. As a result of your four

years in medical school, you have the skills to carry out the work of the most noble of professions. But medicine, with its daily discoveries, is ever changing. The challenges of conquering such problems as cancer, AIDS, and impairments associated with aging, to name a few, remain before you. Although new technology allows you to practice medicine as never before, always remember that the physician's role is to enrich the quality of life for patients so that life is worth living. By the same token, while exotic drugs make miracles seem commonplace today, remember always that no drug can replace the empathy and healing hands of a well trained, attentive and dedicated physician.

**As you enter practice, you will appreciate that you are unique. You are more comprehensively trained by virtue of being osteopathic physicians than any other health care provider.** You have the knowledge and skills to pursue the choices you want in the future while being steeped in the long and proud tradition of a century of osteopathic care giving skills. The work is hard; the rewards great. Our best wishes to you and yours always for health, happiness and success.

# ADMINISTRATION

**R. Michael Gallagher, D.O.,  
F.A.C.O.F.P.**  
Vice Dean

**Thomas Walsh, M.B.A.**  
Executive Director  
Administration and Finance

**Ron Berezniak, Ph.D.**  
Assistant Dean  
Academic Affairs

**Carl Hock, Ph.D.**  
Assistant Dean  
Research

**David Matos, Jr., MSW**  
Assistant Dean  
Program Planning and Development

**George Piper, D.O.**  
Assistant Dean  
Clinical Affairs

**Warren Wallace, Ed.D.**  
Assistant Dean for Admissions/  
Student Affairs

## *Congratulations Graduates!*

*This is a most exciting time in your osteopathic medical education. Indeed, you have earned the right to be very proud of the many outstanding accomplishments you have attained at SOM. You completed your pre-clinical education and successfully participated in the unique opportunity offered to osteopathic physicians to learn a wide range of skills in a clinical setting. The UMDNJ-School of Osteopathic Medicine expanded your medical knowledge and skills and prepared you to provide the highest quality health care for your patients. It nurtured your sense of compassion for the patients you serve.*

*We wish you the best as you continue your medical careers. We are pleased that many of you are going into primary care, the traditional stronghold of the osteopathic medical profession, and where there is an ever growing need for your services. As alumni of UMDNJ-School of Osteopathic Medicine we look forward to maintaining a longtime association with you.*

*We personally congratulate each of you on your accomplishments. We all wish you every success as you go forward in your medical careers.*

*Sincerely,*

*The Administration and Faculty*

## Success

To laugh often and much;  
to win the respect of intelligent people  
and affection of children; to earn the  
appreciation of honest critics and  
endure the betrayal of false friends;  
to appreciate beauty, to find the best  
in others; to leave the world a bit  
better, whether by a healthy child,  
a garden patch or a redeemed  
social condition; to know even  
one life has breathed easier because  
you have lived. This is to have  
succeeded. —Ralph Waldo Emerson
